15TH YEAR. NO. 10. SALEM, OHIO, TUESDAY, JANUARY 13, 1903. TWO CENTS.

IMMENSE DAMAGE SUIT INSTITUTED

By E. J. Maguire, Andrew Hopkins and John A. Graver vs. W. D. Johnston and Thomas A. Watkins.

ASK $170,000---SALEM RAILROAD INVOLVED.

Plaintiffs Claim They Were Damaged by Default of Defendants After They Had Worked Up a Deal For a Sale of the Road---Trial on at Pittsburg.

SALEM COUNCILMEN AND CITIZENS INTERESTED.

The biggest suit for damages in which Salem people were ever interested came to trial this morning in common pleas court No. 1 of Allegheny county, Pennsylvania. The case was originally filed during the December term of court of the year 1901. It has been hanging fire since that time, although the matter of its existence was little known in this city, and was set for hearing this morning.

The title of the case is Edward J. Maguire, John A. Graver and Andrew Hopkins vs. William D. Johnston and Thomas A. Watkins. Plaintiffs sue to recover $170,000, claimed to be coming to them from defendants for services rendered in engineering a sale of the Salem railroad, which, by the way, was not consummated according to prearranged plans, though fault of defendants to this action, the plaintiffs claim. On the other hand, the defendants, in their answer, allege misrepresentation on the part of the plaintiffs, and deny some ugly charges made.

The case involves the city of Salem, many Salem citizens and revives the history of the Salem railroad with all its days of prosperity and adversity.

Two of the plaintiffs suing for the immense sum of $170,000 are well known here. E. J. Maguire maintains a home here, although he at present works in Pittsburg. At the time the matter hereafter mentioned was making history, Maguire was manager of the Western Union Telegraph Co.'s local business. He is now with the Pennsylvania Co. Andrew Hopkins, the second plaintiff, is a Pittsburg real estate dealer. He is well known here by reason of having married Miss Florence Bonsall of this city last summer. The third plaintiff, John A. Graver, is a Pittsburg man, not known in Salem.

One of the defendants, William D. Johnston, is president of a large wholesale lumber company. Thomas A. Watkins is a banker. Both are wealthy men and reside in Pittsburg.

City Solicitor L. P. Metzger left for Pittsburg Monday evening. He, with a law firm of Pittsburg, will conduct the defense. Attorney A. W. Taylor has been the local representative of the prosecution, and he will figure in the case both as attorney and witness. A number of other prominent Salem people may be mixed up in the matter before it is fought through the Pennsylvania courts.

It may require several days to conclude the trial. Owing to its importance and the fact that the preliminary action was taken in court in 1901, the wonder is that the case has not been aired locally at some previous time.

Soon after the legal proceedings had been inaugurated Maguire and his fellow plaintiffs went before a Pittsburg court and secured a default judgment against Johnston and Watkins in the sum of $170,000. The defendants were later successful in having the judgment set aside.

The petition filed by Maguire, Hopkins and Graver, in addition to some straitling allegations, sets up that Johnston and Watkins are legally indebted to them in the sum of $170,000, with interest from April 1, 1901. The petition then states that prior to 1892 the city of Salem, under supposed authority given it by an act of the state legislature and by appointment of a board of trustees, constructed a railroad from Salem to Washingtonville, a distance of seven miles. The road was built on rights of way secured for a nominal sum. The greater part of the money used in constructing the road was raised by a sale of city bonds, in amount $125,000. Certain property holders of the city resisted collection on the bonds, holding that the act under which the road was built was unconstitutional.

Shortly thereafter, the petition states, the State Trust Co. of New York subsequently merged with the Morton Trust Co. of the same city, filed a bill in equity in the United States circuit court at Cleveland, in

PROFIT SHARING PLAN IS BECOMING POPULAR.

The profit-sharing plan of the United States Steel corporation is thought well of by the workmen in the Salem nail mill. There are daily inquiries from the men in regard to the plan and frequent consultations are held in regard to the circular letter sent out by the corporation explaining the matter.

So far about 25 shares of the preferred stock of the corporation have been purchased by employes and officials of the mill. It is believed that this number of shares will be doubled during this month, the only time this year when the stock will be offered below the market value.

Elsewhere the stock is selling rapidly, and the first allotment of 25,000 shares has already been exhausted and arrangements are making for the purchase of as many more shares, which will probably also be gobbled up by the employes. This raid on the shares has boosted the market price considerably, and soon it is believed there will be no stock of the corporation in the market.

FIRE IN LISBON

Did Damage to Amount of About $500.

Lisbon, Jan. 13.—(Special.)—Fire at the "Red Onion" saloon, located in an alley just north of the public square and west of Walnut street, damaged the building and contents to the extent of about $500 between 8 and 9 o'clock last night. The fire is thought to have originated from an electric light wire, the insulation of which had been worn off, where it passed from the beer cooler into the larger saloon building adjoining. The flames raged between the lining and the weather-boarding of the frame building before they could be reached by wire. As much damage resulted from the water as from the fire.

Exceptions Filed.

Lisbon, Jan. 13.—(Special.)—John Mentzer of Columbiana, a son of the late Mary A. Tolbot, of Unity township, has filed exceptions in probate court to the inventory filed by Alvin A. Tolbot, administrator of the estate. The case is set for hearing January 20 at 1 o'clock.

Wellnigh Frozen.

Lisbon, Jan. 13.—(Special.)—Patrick Mulharen of Salineville was picked up in a drunken stupor last night near the sewer pipe works and was placed in jail. He was nearly frozen when found.

THE OLD MERGED INTO THE NEW.

January Term of Court Opened at Lisbon Monday Afternoon.

GRAND JURY'S SHORT TASK

Two or Three Days Will Suffice for Its Completion—The Cases of Two Salem Men Will Be Considered by the Body. No Cases Tried Monday.

Lisbon, Jan. 13.—(Special.)—An unusual occurrence in court here Monday afternoon was the closing of one term and the immediate opening of the next. Judge Henry W. Harter of Canton, who presided, was late in arriving on account of the irregularity of the trains, and court was not in session until nearly 2 o'clock. After a few entries had been made the September, 1902, term adjourned sine die, and the business of the January term proceeded at once with the empaneling of the grand jury. Frank Allabaugh was appointed foreman, and after the judge had delivered his instructions, the jurors retired to the jury room. A large number of witnesses were on hand to be examined. The session of this grand jury will be brief, however, and may be concluded within two or three days.

None of the cases on yesterday's assignment were disposed of.

Cases of the following accused persons in jail and under bond will come before the grand jury: Amos Walthere, Salem, larceny; Alfred Gamble, Lisbon, larceny; Harry and Frank Naugle and George Everetts, Lectonia, assaulting Railroad Detective Baker with intent to kill; John Michaels, East Liverpool; selling liquor to minors; George McGillivary, East Liverpool, counterfeiting; Jennie Walters, East Liverpool, two charges of libel; Charles Owens, Salem, attempting to open depository containing money; John J. Higgins and George Saltsman, Wellsville, misdemeanor.

Lisbon, Jan. 13.—(Special.)—The grand jury finished its work at noon today and will make its report this afternoon. This is the shortest session of a grand jury during the incumbency of Clerk of Courts McNutt and probably beats the record for a period of many years.

AN ABUSE

WITH WHICH OFFICERS HAD TO CONTEND IN TIMES GONE BY

Will Now Be Rendered Impossible Since the New Cells Have Been Installed.

During the past year, and especially in the summer time when it is impossible to keep the doors closed, the city officials experienced considerable trouble over the fact that persons from the outside furnished prisoners in the city jail with liquor.

In several instances a prisoner, who had been in jail long enough to become sober, when arraigned for trial was drunker than when locked up. There was but one conclusion, and that was that some one smuggled liquor to the prisoners. No amount of watching resulted in the detection of the guilty parties.

The old jail was in such an unsanitary condition that it was necessary to allow prisoners to run in the corridor. The doors separating these from the outside world were made of iron bars wide apart. A friend of the prisoners would then take advantage of this fact, and by means of a long funnel pour liquor in to the prisoners.

The new jail will do away with all this trouble. The new cells are good enough for any prisoner, and they are far enough removed from the corridor doors that no communication from within can be had with the outside. Prisoners will not be permitted the use of the corridor only under exceptional circumstances, and when they are locked up for some other offense other than drunkenness.

The M. E. Revival Meetings.

The meetings which have been going on at the M. E. church during the past week, in which the pastor has been assisted by Mrs. R. J. Trego of Cleveland, organizer and national evangelist of the W. C. T. U. of Ohio, will continue throughout the present week.

ASHLAND SHERIFF CLAIMED HIS MAN

Fred Helsel Taken Back to Answer to Another Offence.

PRISONER WAS MANACLED.

Sheriff Homan Related Details of Helsel's Escape and of His Own Treatment at the Prisoner's Hands—Sheriff Leonard Receives Reward.

Lisbon, Jan. 13.—(Special.)—Amos Homan, sheriff of Ashland county, reached Lisbon Monday evening and identified the man whom Sheriff Leonard arrested at the Hasbrouck house Sunday evening as Fred Helsel, who escaped from his custody some time ago. With his prisoner shackled, Sheriff Homan left Tuesday morning with his prisoner for Ashland.

The sheriff has recovered from the injuries which he received at the hands of Helsel, but carries an ugly scar on his scalp as a result of the encounter. He related the details of his experience at the time of Helsel's escape to Sheriff Leonard.

It seems that he had entered Helsel's cell and, leaving the door ajar, was in the act of handing the prisoner his supper. Helsel held out one hand to receive it, and at the same time with the other hand dealt the sheriff a terrific blow on the head with the iron lid of the slop jar. The sheriff grappled with him, and struggling out into the hallway, the two fell down seven steps to a landing, where the sheriff became unconscious from loss of blood and Helsel made his escape through a window. Bloodhounds were put on the trail of the fugitive, and they followed him to the railroad, where they refused to go further, Helsel evidently having boarded a train.

The authorities at once offered a reward for his capture, but learned nothing of his whereabouts until informed of his arrest here. Helsel has been employed at the plant of the Lisbon Coal Co. near town for about three weeks under the name of Henry Martin, and he boarded at the Hasbrouck house. He was very talkative and declared his intention of securing the contract for building the electric railway power house for the Goodman company at Teegarden.

When faced last evening by Sheriff Homan, he denied that he was the escaped criminal and maintained his denial this morning. He was handcuffed by Sheriff Homan, who in turn handed to Sheriff Leonard a roll of bills constituting his reward of $100. The two sheriffs conducted the prisoner to the train and after he was seated the gyves were placed about his ankles. Sheriff Homan was evidently not inclined to take any more chances with the man who had beaten him up so badly, for in addition to the handcuffs he put the nippers on him.

STOCKHOLDERS' MEETINGS.

All National Banks Elect Directors Today—Salem's Financial Institutions.

All national banks of the United States hold their annual stockholders' meetings today. The two national banks in this city, the First National and the Farmers National, held their meetings this afternoon at 2 o'clock.

The annual meeting of the stockholders of the First National bank was held at 2 o'clock this afternoon at the parlors of the bank in East Main street. The following board of directors was elected: J. A. Ambler, J. M. Woodruff, J. R. Vernon, W. H. Mullins and Richard Pow. The newly elected board of directors met immediately after and organized as follows: Richard Pow, president; J. A. Ambler, vice president; Fred R. Pow, cashier.

Have Authority to Wed.

Merle D. Dixson a carrier on one of the R. F. D. routes from the Salem postoffice, and Miss Luella Ritchie, were licensed to marry at Lisbon today. The ceremony will be performed by the Rev. Casper Stanley of this city within a few days. Both of these young people are residents of Butler township, and connected with prominent families, and are quite popular in the community in which they reside.

Rev. James Lister went to Massillon today for a short visit with relatives.

DICK IS REALLY OUT OF THE RACE

For the Nomination for Governor, Says Senator Patterson, One of Gen. Dick's Trusted Lieutenants---Other Political Predictions.

SPEAKER M'KINNON WANTS TO SUCCEED CAMERON

(FROM A STAFF CORRESPONDENT.)

Columbus, Jan. 13.—Hon. Samuel L. Patterson, senator from Pike, prophesies Col. Myron T. Herrick of Cleveland will be the candidate the Republicans will nominate for governor. "Pat" is one of Gen. Dick's closest lieutenants, and he says his retirement is genuine. He was loath to bring himself to believe Dick had eliminated himself from the race for some time, and was much opposed to his withdrawal, but he admits now it is true beyond all doubt that Dick is out of the running. He also predicts that Auditor of State Walter S. Guilbert will get a third term and that Speaker W. S. McKinnon of Ashtabula will be the man nominated to succeed Hon. Isaac B. Cameron of Columbiana as treasurer of state. State Oil Inspector John P. Malloy, secretary of the Republican state committee, has gone east to confer with Senator Hanna. Congressman Dick, who are in Washington, and Col. Herrick, who is in New York. Upon his return, it is stated, he will have in his possession a commission placing him in charge of the Herrick campaign for governor. If Herrick is nominated, Dick is to be again installed as chairman, so general report states. Representative Charles Seese of Summit county has formally announced himself for state school commissioner. He has all along contended Dick would not be a candidate for governor, and as both are from the same county his candidacy has been contingent upon the Akron statesman's remaining out. He was chairman of the committee on common schools in the last house and fathered all the educational measures introduced in that body.

A report filed with the secretary of of the board of state charities shows that the total expenses for the year ending August 31, 1902, at the Columbiana county infirmary were $16,954.60, of which sum $4,053.06 was for salaries of the superintendent, matron and other employes and for medical attention, and $12,901.45 was for groceries, fuel, light, clothing, burials, feed for stock, repairs, etc. The daily average attendance for the year was 122.91 males and 31 females.

The circuit court of Franklin county Monday afternoon declared unconstitutional the law prohibiting railroad companies from employing conductors who had not had two years' experience within the last six months. It was held to be unconstitutional because it arbitrarily creates two favored classes and that it provides for no test of efficiency.

The Farmers Creamery Co. of Rogers has incorporated with $5,000 capital. The incorporators are Kersey Raley, Emerson Taylor, Err Williams, W. L. Taylor and Henry Williamson.

Kate Holsapfel, the former Salem woman, who is charged with a serious offense in this city, wishes the statement made that there are no grounds for the case, and that she is out on her own recognizance.

NEW TROLLEY LINE COMPANY HAS FILED BOND FOR EARLY COMMENCEMENT OF WORK.

As an expression of the good faith of its actions, the Youngstown & Southern Railway Co., which is being boomed by Messrs. Jones and Robinson of Youngstown, has filed a $5,000 bond with the councils of East Liverpool, this to be forfeited in six months if work on the line is not begun.

Contracts for the construction of the road will be let as soon as the plans are completed. The East Liverpool terminal will be built first and will probably be put in operation before the Youngstown terminal is completed. The greatest necessity for service is between the capital of Columbiana county and the Ceramic city.

The Goodman line is reported to be contemplating a line through this territory, and the road that will secure the best encouragement is the road that will be built first, for this reason possibly the Youngstown & Southern will lose not time in constructing the southern end.

SCHEDULES KNOCKED OUT BY THE COLD WEATHER.

The severe weather of Monday and Tuesday worked havoc with the train schedules along this section of the Pennsylvania lines, and most of the trains were several hours late. A west-bound freight train stood on the West Main street siding from Monday noon until 6 o'clock Tuesday morning. The locomotive had broken down, and was taken to Alliance to be repaired. When it returned it was found that further repairs were needed, and it had to be taken back to Alliance. The repairs necessitated a wait of several hours, and it was early Tuesday morning before it arrived.

Train 9 on Monday was three hours late, and the east-bound accommodation, due here Tuesday at 6:18 a. m., reached Salem at about 9:30. The west-bound trains were proportionately late.

DIFFICULTIES OF THE R. F. D. SERVICE.

Patrons of the Routes Should Keep the Roads Open.

Saturday the local rural mail carriers had a difficult time in getting over their routes. In some places snow was drifted so badly that the carriers had to break the roads.

The snow of Sunday night drifted snow even worse than it did on Friday night. All the carriers started out Monday morning as usual. They complained to the postmaster of the condition of the roads. The postmaster told the carriers that if, after using due diligence, they could not get over the routes they should return to the office.

An order from the department, which was received here some time ago, stated that patrons of the rural routes should keep the roads open during the snowy season and keep the way free so carriers could reach the mail boxes.

Apparently this had been neglected by the patrons, and the department has threatened that under such a condition the service might be permanently removed.

Usual Report Will Follow.

Lisbon, Jan. 13.—(Special.)—The grand jury made the usual inspection of the county jail here this morning.

Where is the wiseacre who made the reckless assertion that this was going to be a mild winter?

An Italian scientist declares that he has discovered the microbe of hydrophobia. Muzzle it forthwith.

Salem just now is in position to commiserate those of her neighboring cities and towns which must depend upon natural gas for fuel.

The National and American Baseball leagues say they want peace. Do they intend to rob the national game of one of its most interesting features?

The Albany Journal says: "Dairymen have reason to be grateful to the national lawmakers for the oleomargarine law passed a year ago. Since then the output of bogus butter has been reduced one-third and the price of the real article has advanced 4 cents a pound." Yes, the dairymen may well feel grateful, but what about the poor fellows who can't afford to pay the 4 cents advance on the real article?

After all Salem has suffered but little from the scarcity of coal even during the cold snap, which seems so loth to leave us. True, the shops have been discommoded and families have been obliged to resort in rare cases to the sweeping process. Yet, when one reads of the distress which has been experienced in the cities east and west, and even in some instances in the South, the lot of Salem people shows up in very favorable contrast.

Frigid mornings like this morning, sympathy even goes to that pesky little marauder, the sparrow. The ice covered ground has made the difficulty of obtaining food so great that the bird is nearly starved. Weak from exhaustion the sparrow hops feebly around, and one can get so close to the feathered straveling that it could nearly be picked up by the hands, says an exchange. Humanely disposed people of Salem stifle their feelings of aversion against the pugnacious little birds and throw out to them each morning the droppings from the table.

The eighteenth annual meeting of the Associated Ohio Dailies will be held at Hotel Hartman, Columbus, Wednesday and Thursday, January 28 and 29. On the afternoon of the latter date the Buckeye Press and the Hocking Valley associations will convene for their annual meeting, and in the evening a joint meeting of the several associations will be held, when the question of the federation of all the press associations of the state, which has been under consideration for two years past, will be discussed. John T. Mack of the Sandusky Register is president of the Associated Ohio Dailies, and L. H. Brush is secretary.

BUCKEYE PRESS COMMENT.

Mrs. Miller of blackmail fame wept and asked leniency when she was asked to stand up and receive her sentence. Alexander wept because there were no more worlds to conquer. If the law hadn't interfered, Mrs. Miller would probably have been in the hush-money business yet, and the wives of her "victims" would have done the weeping. ALLIANCE WANTS MORE R. F. D. MAIL ROUTES.

The Tri-County Farmers' Institute, which closed Saturday at Alliance, passed a resolution which will be forwarded to Congressman R. W. Tayler at Washington, D. C., asking him to use his influence to secure the establishment of three additional rural free delivery routes from the Alliance postoffice. Alliance has already been favored with two routes, but though that she was entitled to more, as Salem has five and Lisbon seven, and forwarded petitions to the postal authorities several months ago.

No Damage Was Done.

Yesterday John Strohaker drove one of Tomlinson's delivery horses up to a blacksmith shop in Penn street to get some shoeing done. The animal was allowed to stand out in the cold for a short time as the shop was crowded. The horse thought it would be more pleasant at the store and started off at a lively gait. Mr. Strohaker overtook the horse in Main street before any damage had been done.

JUDGE HOLE INDISPOSED.

Judge W. W. Hole of the Common Pleas bench was unable to go to Lisbon Monday to open the January term of court, being confined to his home in Broadway with a tooth which has been giving some trouble since the first of the year.

Judge Hole returned from Lisbon last Thursday evening suffering considerably, and on Friday and Saturday was confined to his bed. On Sunday the jaw was lanced. He is much better today, but owing to the cold and his condition he thought best to remain at home today, but owing to the cold and his condition he thought best to remain at home for a day or two. Italian Christening.

On Sunday the infant son of Jo Bava, proprietor of the Italian fruit stand in East Main street, was christened. The ceremony took place at St. Paul's Catholic church, father Conlon officiating. A large number of the relatives and Italian friends of the Bova family, who came from Uniontown, Pa., Youngstown, Pittsburg, Beaver Falls and other points to participate in the exercises, were present. John Sansanoa of Pittsburg acted as godfather and Charles was the name given to the little one. A feast at the Bova home in the evening completed the celebration.

A Kitchen Shower.

Friends of Mr. and Mrs. Oscar Calladine, who were recently married, gave them a kitchen shower Saturday evening at the home of Mr. and Mrs. Hugh Hall in South Union street, with whom they are stopping. INQUEST OF LUNACY ON GREENFORD CITIZEN.

An inquest in lunacy was held at Youngstown Saturday over Thomas Albritain, aged about 70 years, and who has long been a prominent resident of Greenford, Mahoning county. Mr. Albritian has been failing mentally for some time, and neighbors went into court and petitioned for his commitment to a state asylum. He resides with his wife in Greenford. At the inquest some of his actions were rational enough, while others tended to show that he was mentally unbalanced. Judge Rogers has not yet announced his decision in the case.

A Wife Says:

"We have four children. With the first three I suffered almost unbearable pains from 12 to 14 hours, and had to be placed under the influence of chloroform. I used three bottles of *Mother's Friend* before our last child came, which is a strong, fat and healthy boy, doing my housework up to within two hours of birth, and suffered but a few hard pains. This liniment is the grandest remedy ever made."

Mother's Friend

will do for every woman what it did for the Minnesota mother who writes the above letter. Not to use it during pregnancy is a mistake to be paid for in pain and suffering. *Mother's Friend* equips the patient with a strong body and clear intellect, which in turn are imparted to the child. It relaxes the muscles and allows them to expand. It relieves morning sickness and nervousness. It puts all the organs concerned in perfect condition for the final hour, so that the actual labor is short and practically painless. Danger of rising or hard breasts is altogether avoided, and recovery is merely a matter of a few days.

PURE BLOOD

Necessary to Life. Vinol Makes it.

POOR BLOOD CAUSES ERUPTIONS AND WEAKNESS.

Vinol Makes Pure, Rich, Red Blood.

BECAUSE WE KNOWN THIS WE GUARANTEE ITS ACTION.

Impoverished blood is a sure sign of internal disorders. We see every day too many people whose faces plainly show that there is something radically wrong.

We want all of our fellow-citizens to know of our splendid blood purifier and blood maker.

We refer to Vinol.

Vinol, as we have before stated, is a purely scientific preparation.

Vinol owes its virtue to the fact that it contains in a highly concentraced state the active curative principles, taken from the livers of live cods—the same elements that formerly were found in cod-liver oil, and which made it famous.

Vinol does not contain the grease or fat that characterized cod-liver oil and made it in many cases worthless.

Vinol acts upon every one of the great vital organs, and by invigorating and giving them strength, enables them to properly perform their functions.

Vinol's effect on the stomach is marvelous. It tones up this, the greatest of the organs of the body, and enables it to obtain from the food which is taken into it the necessary elements to create flesh and muscle tissue, bone structure and pure, rich, red blood.

We are in receipt of a letter from a Savation Army woman which reads as follows:

"I took Vinol after a bad attack of grippe and so much good did it do me that I persuaded my sister to take it. She was all tired out. Had no appetite and her blood was very poor. It did her as much good as it did me."—BERSY HARKNSHAW, 718 River St., Fall River, Mass.

Won't you please come in and see us? We are always glad to extol the merits of Vinol.

We will give you back your money if you don't find Vinol will do all we claim it will. Could any one do more for you?

COLDEST OF SEASON.

Zero Weather Prevailed Over the Entire Ohio Valley Yesterday.

SUFFERING AT MANY POINTS.

Cincinnati Board of Legislation Appropriates $3,000 for the Purpose of Furnishing Coal to the Worthy Poor—Toledo After Coal Combine

Cincinnati, Jan. 13.—According to specials received here zero weather prevailed throughout the Ohio valley yesterday, but last night it was moderating. This was the coldest weather of the season and occasioned much suffering at a number of points on account of the scarcity of coal. This is especially true of the towns in the interior who depend upon the railroads for their coal. The towns along the Ohio river are well supplied, but the prices have been advanced, owing to the heavy demand, due to the cold weather.

The Ohio river continues to fall from Pittsburg down and it is crowded with ice. Navigation on the river in this vicinity was suspended last night on account of the floating ice.

Suffering Among Poor.

In Cincinnati last night the thermometer registered 10 degrees above zero. Much suffering is reported among the poor people, and at a meeting of the board of legislation last night an ordinance was passed appropriating $3,000 from the contingent fund for the purpose of furnishing coal to the worthy poor.

At [illegible], O., the natural gas failed and the inability to secure coal causes suffering among the people. Heavy demands were made upon the coal dealers by those who had been forced to abandon the use of gas and as a result the coal supply has become exhausted.

At [illegible], O., a coal famine is threatened. Factories are running short of coal and private families are out of coal and burning wood. Several mines employing from 3 to 20 men each are in operation in this county, but the output is contracted for months ahead.

Gas Shortage.

East Liverpool, O., Jan. 13.—A shortage of gas on the Fort Pitt Gas company's line caused inconvenience and suffering here yesterday and compelled the United Power company to shut down, stopping all the street cars for over two hours.

Cleveland, O., Jan. 13.—A committee representing 15 of the leading coal dealers here called upon the superintendent of the city infirmary yesterday and stated that in view of the high price of fuel and suffering among the poor as a result of the prevailing extremely cold weather they would furnish soft coal to all needy people at cost, or $2.50 per ton. The railroads at the same time agreed to do all switching of the coal without charge. The offer was at once accepted. Today coal was supplied to hundreds of poor families under the arrangement. Only one ton will be sold to each applicant. Local coal dealers have contributed 250 tons of coal to the Salvation Army, and the latter organization will distribute it to those who apply for it.

Toledo Investigating.

Toledo, Jan. 13.—The grand jury yesterday began an investigation of the coal situation. It has been charged that there is a local combine of coal men to maintain a high price. All the leading coal dealers have been subpoenaed to appear before the jury today.

Morgantown, W. Va., Jan. 13.—With the thermometer below zero more than half the population went to bed last night to keep warm. The people have been depending entirely on natural gas for fuel and just now realize that there is a shortage. In the suburbs yesterday there was hardly a flicker of light from the fires and last night there was but little improvement. Much illness has already resulted from the cold.

Eleven Frozen to Death at Chicago.

Chicago, Jan. 13.—With a temperature ranging between six below and four above zero, 11 persons were frozen to death in Chicago within the last 24 hours. Thousands of others are suffering and ill as a result of the coal famine.

And while this drama of death continues, thousands of carloads of coal are lying in the railroad yards within a few miles of the court house, kept there, it is said, by a conspiracy of the coal barons. A prominent member of the Illinois Manufacturers' association estimates the number of cars at over 10,000.

The city council last night took a hand in the solution of the coal problem. An ordinance was passed making the forestalling of fuel supplies a misdemeanor, punishable with a fine of $200 for each offense. As an emergency matter the measure was rushed through under suspension of the rules. After 10 days it goes into effect, and then any dealer or firm that combines with intent to raise the price of any fuel commodity will be amenable to the courts for violation of a city ordinance.

It was asserted last night that one of the witnesses before the grand jury yesterday afternoon testified that there was a combination and that about one dozen companies were parties to the agreement to keep up the price of coal.

FREIGHT CRASHES INTO SLEIGH.

One Killed and Two Others So Seriously Injured that Their Deaths Are Expected.

Batavia, N. Y., Jan. 13.—A freight train on the Canandaigua branch of the New York Central railroad crashed into a sleigh at a grade crossing near Stafford yesterday. Of the five occupants of the sleigh one received injuries that caused death a few hours later, two others were so seriously injured that their death is expected, and two were severely hurt. They are all members of the family of L. J. Mott.

The dead: John Mott, 19 years old.

Fatally injured: Lemuel Mott, 11 years old, skull fractured in several places; Mrs. Lena Mott, spine broke.

The sleigh was part of a funeral procession. A severe storm was raging at the time and it was impossible to see more than 200 feet up the railroad track.

THE DEATH ROLL.

William C. Kreps.

Chambersburg, Pa., Jan. 13.—Former Assemblyman William C. Kreps died at his home in Green Castle, this county, yesterday, in his 50th year. Death was due to a stroke of apoplexy caused by uraemic poisoning.

Dr. Oliver Wendell Weeks.

Toledo, Jan. 13.—A special to the Bee from Marion, O., says that Dr. Oliver Wendell Weeks, past surgeon general of the national encampment and well known to all Grand Army men, died there Sunday night, after a lingering illness.

Robert J. Akin.

New York, Jan. 13.—Robert J. Akin, millionaire and philanthropist, who would have celebrated the one hundredth anniversary of his birth on Aug. 14 next, died last night at his residence, from pneumonia.

Pittsburg Banks Merge.

Pittsburg, Jan. 13.—The Peoples Savings bank and the Safe Deposit and Trust company will merge the two financial concerns into one, to be known as the Peoples Savings, Safe Deposit and Trust company. The plans for the formation of the new institution will probably be completed by Feb. 1 and a charter will be applied for soon after that date. The new concern, it is expected, will be in full operation by May 1. Its capital stock will be $2,000,000, its surplus $5,000,000, its trust funds $13,000,000 and its deposits $10,000,000, making the total assets $30,000,000, which will make this company the second strongest in Pittsburg, ranking next to the Union Trust company.

Municipality Cannot Fix Charges.

Findlay, O., Jan. 13.—In the circuit court of the tenth district yesterday a decision was handed down in the case of the city of Findlay vs the Findlay Home Telephone company. The case was on appeal from the lower court. The point in dispute was alleged discrimination in that the company charged $12 and $18 yearly for its service. The cheaper service was according to an agreement with the city, but when these contracts had expired the higher rate was charged. On appeal to compel fulfillment of the $12 yearly rate the court held that the municipality cannot fix telephone charges any more than it can fix the price of groceries or other like commodity.

Fierce Fire at Harrisburg.

Harrisburg, Jan. 13.—Word was received here at an early hour this morning from Mechanicsburg, Pa., that the entire building of the Thomas printing house, consisting of printing rooms, postoffice, Kast's classical school and Williams' barber shop, situated in the business section of that town, were burning fiercely. The fire was reported spreading rapidly and beyond control of the local firemen. Requests have been received here for assistance. The cause of the fire, which started in Thomas' printing house, is unknown.

DOES IT PAY TO BUY CHEAP?

A cheap remedy for coughs and colds is all right, but you want something that will relieve and cure the more severe and dangerous results of throat and lung troubles. What shall you do? Go to a warmer and more regular climate? Yes, if possible; if not possible for you, then in either case take the ONLY remedy that has been introduced in all civilized countries with success in severe throat and lung troubles, "Boschee's German Syrup." It not only heals and stimulates the tissues to destroy the germ disease, but allays inflammation, causes easy expectoration, gives a good night's rest, and cures the patient. Try ONE bottle. AMONG THE LODGES.

Quaker City Company No. 83, Uniform Rank Knights of Pythias, has elected the following officers for the ensuing year: Emmor Shoe, captain; E. P. Smith, first lieutenant; H. J. Kopp, second lieutenant; D. W. Triem, treasurer; J. P. Morlan, recorder.

The trustees were appointed by the captain, and will be announced at the annual installation and inspection of the company in February.

At a regual meeting of Salem Lodge No. 142, Knights of Pythias, held last evening at the lodge rooms in the Anderson block, Deputy Clem Willaman installed the newly elected officers of the lodge. The list of the new officers was published some time ago in these columns.

A feature of the installation was the presntation, made by the new chancellor commander, Mr. F. L. Rollins, who acted on behalf of the lodge, of a very fine silver and gold past chancellor's jewel to Mr. G. M. Fink, the outgoing chancellor commander. Mr. Rollins presented the jewel in a neat manner, and Mr. Fink was unable to respond at first. Later he responded with a few appropriate remarks.

The matter of the district convention of this order, which will be held during the latter part of February, was not brought up at this meeting. The district deputy will probably visit Salem some time this week and confer with the local officers, at which time the arrangements for the convention will be completed and the date definitely decided upon.

Quaker City Tent, Knights of the Maccabees, held a short session Monday evening and obligated two members. After this had been attended to the meeting resolved itself into a smoker, and the members present remained until a late hour, being entertained at cards and with cigars. The installation of the newly elected officers was postponed until next Monday evening.

On next Saturday evening, at the lodge rooms in the Red Men's hall in Broadway, the members of Court Quaker City No. 89, Foresters of America, will observe the third anniversary of its institution here. Arrangements have been made for a suitable banquet, with toasts and responses, in connection with an excellent menu. Chief Ranger E. J. Schwartz of the court will preside. Visiting delegations are expected from Washingtonville, Lisbon and Sebring. Preparations are being made for an excellent affair. The music will be an especial feature.

FAMOUS PITCHER

Winnie Mercer, Commits Suicide in San Francisco.

East Liverpool, Jan. 13.—(Special.)—Word received here is to the effect that Winnie Mercer, the famous baseball player, whose home was in this place, committed suicide at the Occidental hotel in San Francisco, Cal., last night.

Mercer was found dead in bed with the gas turned on and the gas hose in his mouth. A coat was wrapped about his head. He registered at the hotel as George Murray of Philadelphia and left a note telling who he was, but gave no reasons for the act.

Mercer was 29 years old and left a mother and five brothers, who reside near this place. Mondy he signed a contract to pitch with the Detroit baseball club the coming season.

IMMENSE DAMAGE SUIT INSTITUTED.

Continued from first page.

which it claimed the bonds had been issued to the Mutual Life Insurance Co. of New York and by the latter assigned, for valuable consideration, to the said trust company. It was further alleged in the bill of equity that the money thus secured from the insurance company built the Salem railroad. Said bill also contained a prayer that the court issue a decree that the trust company had a lien upon all the property of the said railroad in the sum of $125,000 and that the property should be sold to satisfy the claim.

All the defendants to this bill of equity, including the board of trustees and the city of Salem, made defense thereto by a demurrer, and a receiver (B. S. Ambler) was appointed to care for the property. Nothing more was done toward adjudicating the claim until after October 25, 1900.

The plaintiffs to the recent action aver that on or before October 25, 1900, they entered into an agreement with the defendants in which the plaintiffs agreed to adjust matters so the legal mix-up might become cleared and the property sold. They were to do this by gaining the consent of all interested parties. Then the trust company was to buy the road and sell it to the plaintiffs for $125,000. The defendants had agreed to join the plaintiffs in the formation of an Ohio corporation, to be known as the Salem & Ohio R. R. Co. The company was to be stocked in the amount of $240,000 and the defendants were to transfer to plaintiffs $170,000 worth of stock for engineering the deal. Defendants agreed to open coal mines and build a large brick works along the tracks and thus increase the value of the road to perhaps $400,000. Plaintiffs allege that a contract in writing was drawn up on the above mentioned basis.

Plaintiffs further allege that at the time the agreement was made with defendants they had already taken the matter up with the Salem city council, or a majority of it, and had secured that body's consent to a sale of the road provided there should be no personal liability. Hopkins went with the defendants to New York city and the president of the trust company, after a consultation, agreed to a sale of the property, which should be bought in by his company and then in turn sold to defendants for $125,000.

A few days after the above arrangement the defendants undertook to cancel their agreement with plaintiffs, and sent notice to that effect. To Hopkins it was stated that defendants would "play in" with him, as they needed his services to close the deal. The other plaintiffs were to be defrauded and deprived of their rights under the agreement. Hopkins objected to such a "deal," but proceeded to New York again, where all details of the arrangement with the trust company were rendered in full.

By consent the demurrer of the city of Salem and the board of trustees was overruled and council agreed to a sale of the property in question on January 8, 1901. It was fixed that the road should be sold on March 1, 1901.

Maguire and Hopkins aver that they, with counsel, were present at the sale, which was carried out to the letter and in strict accord with the arrangement.

About this time defendants told Hopkins that they were about to recede from their agreement to purchase the road from the trust company and intended to deceive the trust company as to the true value of the property and then buy it for a less figure than $125,000. The petition alleges that defendants tried to procure the manager of the railroad to injure the property and reduce its value; that the manager refused to do so, and the effort was communicated to the trust company, and it at once refused to sell the property to the defendants at any price or deal with them further in any way.

The plaintiffs allege they carried out their part of the agreement in every respect, but were prevented from buying the road by the defendants, and were thus deprived of receiving their share of the deal which was to be $170,000 in stock.

The above are matters outlined in plaintiffs' petition, which is sworn to by Edward J. Maguire.

The affidavit of defense set up by Watkins and Johnson reviews the case, and admits certain conditions outlined in plaintiffs' petition. Defendants say Hopkins represented to them that he had an option on the property in question for $125,000 from the Morton Trust Co. in writing unsigned, but which he could get signed. This option Hopkins claimed to have secured by the assistance of John A. Graver. Plaintiffs said E. J. Maguire controlled the action of the Salem authorities and had manipulated the Salem end of the deal in such a way that no hindrances to the sale existed.

The defendants went to New York, where W. S. Johnston, an officer of the trust company, told them the company had no agreement with Hopkins, as he was only a broker, and it did not invest him with any authority. Defendants allege Maguire falsely represented his ability to "work" the Salem council, and was of no service to them whatever. The agreement with plaintiffs was then cancelled.

Defendants aver they are ready to buy the railroad now for $125,000, and have been for some time. After they cancelled the agreement they told Hopkins that if he would carry the deal through they would pay him for his services. There was no contract with him. Hopkins agreed and joined in negotiations with the Morton Trust Co. After various delays defendants stated to the trust company that they would buy the railroad, after the first sale, for $150,000 less the cash in the hands of the receiver, $35,000 in amount. This was agreed to by the company, providing the legal stumbling blocks could be removed.

Defendants say they secured the Salem council and got it to agree to a sale of the property. The property was duly delivered to the Morton Trust Co. Owing to the fact that the Wabash was then being extended to this territory, the value of the road was greatly enhanced and the trust company refused to sell, as the defendants had no contract with the company, they were forced to abide by the decision.

Next defendants enter into a general denial of many of plaintiffs' allegations. They did not agree to open mines and build a brick works, although that matter was discussed. It is denied that plaintiffs performed their agreements or had anything to do with working up the sale by clearing away legal encumbrances. It is flatly denied that defendants entered into any plan of fraud to deceive the trust company, or any other persons, or that the manager of the railroad was to be corrupted to diminish its value.

Finally, defendants deny that plaintiffs were injured in any sum or lost anything through defendants' default. The answer states that even if a valid agreement existed it was a joint undertaking, a partnership. Defendants say the damage was speculative, and no value can be assigned to it.

Such is the line of defense. The case contains many fine points and is triple-plated in complicated affairs. It will be hotly contested, and will attract wide attention. It is of special interest to Salem people who have had an anxious eye on the Salem railroad for more than ten years and are glad that it is now a part of the Pittsburg, Lisbon & Western, and practically incapable of causing municipal anxiety.

Would Not Insure Him.

Insurance Companies would not insure the Rev. J. W. Yeisley because he had Kidney Trouble.

Mr. Yeisley was much discouraged till a friend recommended Dr. David Kennedy's Favorite Remedy and it cured him.

Mr. Yeisley writes:

"My kidneys and liver were in bad condition and I was anxious for relief. I had tried many remedies without success. I bought a bottle of 'Favorite Remedy,' which effectively proved its merit. The best proof that it has completely cured me is my recent acceptance by four different life insurance companies."

The Rev. Mr. Yeisley is the pastor of the First Reformed Church of St. Paris, Ohio, and is as well the editor of the St. Paris Dispatch.

There is no question that Dr. David Kennedy's Favorite Remedy is the best and surest medicine in the world for diseases of the kidneys, liver, bladder and blood, rheumatism, dyspepsia and chronic constipation, as well as the weaknesses peculiar to women. It quickly relieves and cures inability to hold urine and the necessity of getting up a number of times during the night and puts an end to that scalding pain when passing urine.

It is for sale by all druggists in the **New 50 Cent Size** and the regular $1.00 size bottles—less than a cent a dose.

WHITE'S DISAPPEARANCE.

Interested Parties Communicate With the Canton Brokers.

Some of the local traders of the stock broker's office, who were in shape to lose by the disappearance of B. L. White, manager of the office, telephoned to Canton Monday afternoon and held communication with Mr. Rex of the firm of Hoberdier & Rex, which owns the office. Mr. Rex said he would ascertain what the trust company, which was acting as bondsman for White, wanted in the way of affidavits, and then after ascertaining would send money to reimburse the traders whose deals were not placed by White when so ordered. White's brother, Frank White, who is a railway clerk, has been in Canton, and has promised the company that he would make good his brother's shortage. If this is done the trust company may not be appealed to.

WELL-KNOWN OFFICIAL LIKELY TO RETURN TO SALEM.

E. J. Maguire, formerly manager of the two local offices of the Western Union Telegraph Co., who recently went to Pittsburg to take a position in the office of J. G. Lang of the Pennsylvania Co., will probably return to this city and again take up his former position about Thursday or Friday.

When Mr. Maguire took the Pittsburg position it was with the understanding that should he desire for any reason not to continue there, after a reasonable trial, he could again return to his place at Salem. Mr. Maguire has about made up his mide to return to the position here, and unless some unlooked-for circumstance turns up in the meantime will take charge of the Western Union office at the Pennsylvania station the latter part of the week.

It is understood that Mr. Maguire has one or two other positions in view, and may not take the Salem position again. In case he does, Mr. Harry Baird, who has been managing the local business while Mr. Maguire was in Pittsburg, will again assume the duties of assistant. No other changes will ensue, at least not as far as announced.

Mr. Maguire was in the city over Sunday. His family has not moved to Pittsburg, as it has been anticipated for some weeks that he would return to Salem. The position held by Mr. Maguire in Pittsburg was in the office of Mr. Lang, who is in charge of the general information bureau, which supplies the departments with information regarding the movement of trains, etc.

Finds Way to Live Long.

The startling announcement of a discovery that will surely lengthen life is made by Editor O. H. Downey of Churubosco, Ind. "I wish to state," he writes, "that Dr. King's New Discovery for Consumption is the most infallible remedy that I have ever known for coughs, colds and grip. It's invaluable to people with weak lungs. Having this wonderful medicine no one need dread pneumonia or consumption. Its relief is instant and cure certain." Bolger & French guarantee every 50c and $1.00 bottle, and give trial bottles free.

$75,000 Fire at Youngstown.

Youngstown, O., Jan. 13.—A block of frame business houses in the central portion of the city, owned by Christopher Deibel, Sr., was burned last night, causing a loss of $75,000. The heaviest losers are: Christopher Deibel, Sr., $20,000; Pollocks & Weinberger, cigar dealers, $10,000.

PERSONAL MENTION.

Miss Ruby Smith of Sebring visited friends here and attended the performance of "The Cowboy and the Lady" at the opera house here last night. She returned this morning.

Clemmer Platt, son of Mr. and Mrs. Nathan Platt of Jennings avenue, has gone to Pittsburg, where he has accepted a position in the office of the Central District and Printing Telegraph Co.

Miss Edna Hare of Lincoln avenue has returned to Washington, D. C., to resume her studies in a school there. She has been spending the annual Christmas vacation with her parents in this city.

Frank B. Fults, a student at the Ohio Wesleyan university at Delaware, who has been spending the past three weeks with his parents near this city, returned to the university today to resume his studies.

Mrs. Albert Sweihardt of Alliance, formerly Miss Lizzie Castelle of this city, is here spending a week with friends. Mr. and Mrs. Sweihardt were married about Christmas at Alliance, and will go to housekeeping there within a week or two.

Lonzo Burris of Wooster was in the city over Sunday to visit his son, Charles Burris of Depot street, who is quite sick. For a time last week he was threatened with an attack of typhoid fever but this has been broken up and he is now suffering from an attack of cold and grip. He is better today.

Carey Bolger, who for some time past has been em... New York city, arrived in Salem Saturday evening and will spend some time visiting at the home of his parents, Mr. and Mrs. J. C. Bolger, in East High street. He went to Bellevue, Pa., yesterday to spend the day with his sister, Mrs. R. M. Boles, who is visiting there.

Attending Agricultural Meeting.

C. F. Lease of East Main street left today for Columbus, where he will attend the sessions of the Ohio Agricultural Association, which convened there today. Mr. Lease goes as a delegate from the Columbiana County Agricultural Association, of which he is president. J. C. Billingsley of Negley will also be present from this county. Mr. Lease expects to arrive home some time Thursday night.

Married in Leetonia.

Lisbon, Jan. 13.—(Special.)—Clarkson D. Fitzpatrick of Salem and Catherine B. Caughan of Leetonia were married in Leetonia by Father E. J. Murphy of the Catholic church Monday afternoon.

Mr. Fitzpatrick is the son of Mr. and Mrs. T. C. Fitzpatrick of Franklin avenue, and a former member of the Salem Champion football team. He is at present an employe of the triplex department at the plant of the Deming Co. His bride is a well-known young lady of Leetonia, and for a time made her home in this city. They will reside in Salem.

Official Board Meeting.

The official board of the Christian church will meet at the church this evening at 7 o'clock.

Mr. George W. Farnum came back to the city last evening to witness the performance of "The Cowboy and the Lady." Mr. Farnum is in advance of the "Great White Diamond." For many seasons he was in advance of Robert Downing and he has many friends and acquaintances in Salem. "The Great White Diamond" carries a car load of scenery and Mr. Farnum states that this is the best attraction he was ever with. 10-h

Tributes to Ex-Governor Hastings.

Bellefonte, Pa., Jan. 13.—It was decided definitely yesterday to have no other military by the funeral of ex-Governor Hastings tomorrow than Company B as escort. The Bellefonte lodge of Masons, of which the ex-governor was a member, will have charge of the services at the grave. In all of the churches yesterday touching tributes were paid the deceased, while special memorial services were held in the Methodist church where he was a member.

"The prevention of consumption is entirely a question of commencing the proper treatment in time. Nothing is so well adapted to ward off fatal lung troubles as Foley's Honey and Tar." Trimble Bros.

The Easy Part.

Teacher—After all the trouble I have taken, you are most imperfect in your lesson. Surely, you could not have found it so hard to learn!

Pupil—It wasn't because it was so hard to learn, teacher, but because it was so easy to forget!

A Life at Stake.

If you but knew the splendid merit of Foley's Honey and Tar you would never be without it. A dose or two will prevent an attack of pneumonia or la grippe. It may save your life. Trimble Bros.

MITCHELL'S LETTER.

Requests Mine Workers to Use All Means to Relieve Coal Famine.

DUTY TO ALLEVIATE DISTRESS.

Detroit Municipal Commission Will Go Into Open Market and Buy Coal for Cash at Best Possible Prices. The Situation in the West.

Philadelphia, Jan. 13.—President Mitchell, of the United Mine Workers of America, last night issued the following circular letter to all local unions in the anthracite districts:

"Philadelphia, Jan. 12, 1903.

"To the Officers and Members of Local Unions of the U. M. W. of A. in the Anthracite Region:

"Gentlemen:—You are no doubt aware that a serious coal famine exists in all the eastern and seaboard cities, due to the shortage of the anthracite coal supply. The situation has reached an acute stage and has resulted in great suffering and hardship to the poor of the cities whose earnings are insufficient to enable them to pay the excessive prices now being charged for fuel, and it is subjecting the general public to great inconvenience.

Duty to Relieve Suffering.

"To relieve the situation and alleviate as far as possible the suffering now being endured is the duty of every one connected with the production of coal. With this end in view we are prompted to address this communication to all members of our union and request that they co-operate with the management of the mines in an effort to increase the production of coal. The gravity of the situation is such as to require that every mine worker shall exert himself and use every means at his command to this end.

"Upon reading this communication in the columns of the daily papers local unions should hold meetings and devise means whereby the daily output of the mines may be increased. These efforts should be continued until the weather moderates and the great necessity for fuel shall have passed."

Detroit Municipal Coal Commission.

Detroit, Jan. 13.—After listening to the only bid received by the municipal coal commission yesterday, in response to its advertisements, the common council in special session yesterday afternoon instructed the commission to go into the open market and buy coal for cash at the best prices available. The only bid received, which was for only 3,000 tons of soft coal, to be delivered between now and March 1, was referred to the commission for disposal. It was the opinion of the council that owing to the length of time it would take to get the coal offered in the bid it was better for the commission to buy in open market if possible. If the commission is unable to make satisfactory purchases in the open market the bid may still be accepted. The commission yesterday afternoon carefully investigated the offer of the water commission to loan it 1,000 tons of soft coal and practically decided that it was not possible to accept the offer. The coal, which is run of mine, is stored in such a way as to make it almost impossible to handle it.

Must Hold to Fixed Price.

Des Moines, Ia., Jan. 13.—The Soft Coal Operators' association of the Des Moines district held a meeting yesterday and decided to refuse to sell coal to Des Moines retailer dealers and teamsters who have in the past or may in the future sell coal to consumers for more than $3 a ton, the retail price fixed by the association. The demand for coal has been so great that dealers have had difficulty in filling their orders. Because of the demand some of the retailers have advanced the price to as high as $4.50 a ton.

Not a Pound of Coal on Hand.

Topeka, Kan., Jan. 13.—The fuel situation grows more alarming in Topeka. Two of the largest coal companies in the city report they have not a pound of coal on hand with which to supply their orders, and do not know when they will be able to get any. Packing houses and other institutions will have to close in two days unless this situation is relieved. The local gas company may have to close this week, as the works cannot secure coal to make gas. The street railway company has only a small supply of coal on hand. Other Kansas towns report practically the same situation. The weather is clear and cold and much suffering has resulted.

Situation Serious.

Omaha, Neb., Jan. 13.—For the first time during the winter the fuel situation has become serious in this city. Coal dealers generally, while not so well stocked as in former years, were fairly well supplied with anthracite coal up to a week ago. The ruling price has been $8.5 a ton, but even at these figures the supply has become nearly exhausted. Several business concerns were forced to close yesterday for want of coal.

Both Cases Vigorously Contested.

Topeka, Kan., Jan. 13.—Judge Hazen, in the district court yesterday decided that the Bible could be read in the public schools of Kansas, and also that Sunday theaters could be held in Topeka without molestation. Both cases were vigorously contested.

Wireless Telephone Marconi's Latest.

North Sydney, N. S., Jan. 13.—Marconi is now working on the wireless telephone idea and is likely before long to be able to announce the invention of portable wireless telephonic apparatus by which a person can communicate when a considerable distance away, with his home or with others supplied with similar apparatus.

Two Killed by Jumping.

St. Louis, Jan. 13.—Fire broke out in a negro lodging house in West Pine street early yesterday and Mrs. Helen Brown and her daughter, Eugenia, were killed by jumping from an upper floor. Jennie Johnson was badly bruised by jumping. The other 21 lodgers escaped saving only their night clothing.

Secretary Moody Seriously Injured.

Annapolis, Md., Jan. 13.—Secretary of the Navy William H. Moody was seriously, but not dangerously injured in the naval academy grounds yesterday by a runaway accident. Slight cuts and bruises on his forehead, nose and face are thought to be the extent of the secretary's injuries.

Frozen to Death Near Home.

Flemington, N. J., Jan. 13.—Gilbert Decker, 45 years old, son of Rev. S. D. Decker, pastor of the Quakertown Methodist Episcopal church, was frozen to death a short distance from his home. He left Clinton, where he had been visiting, for Quakertown and his body was found on the road.

Two Crushed to Death.

Williamsport, Pa., Jan. 13.—Hilliard Probst and Ira Green were crushed to death yesterday while mining coal near Bitumen, Clinton county. The two men went into a small private mine to dig coal for the use of their families and a roof caved in, crushing both men to death.

Said One Woman to Another

"Queer, isn't it, what creatures of habit we women are? We get in the habit of doing certain things and keep on doing them year after year, even when we have been told time and time again of a better way."

And so it is. Take for example soda crackers, or biscuit, probably there isn't a woman in the land who wouldn't say she knew all about **Uneeda Biscuit**, but as a matter of fact millions of women know nothing about them, or they would never again buy loose soda crackers in a paper bag.

When soda crackers are packed the ordinary way every cracker must be handled several times before it leaves the bakery. When the cracker box reaches the grocer, he, of course, uncovers it, the air and dust and flies get in and destroy the crispness and flavor of the crackers. Every time there is a call for crackers they must be handled again and again.

Every woman knows the above to be true, for she has seen it over and over again. Why then does anyone continue to buy crackers in this way?

It is not the price, for **Uneeda Biscuit** are only 5 cents.

It is not a question of taste, because everyone likes **Uneeda Biscuit.**

It is habit—simply habit.

Every woman by this time ought to know the advantages of buying **Uneeda Biscuit.** They are baked in the cleanest of bakeries, under the most rigid system of cleanliness and care. When they come from the oven they are immediately packed in In-er-seal Packages, an airtight, germ and moisture proof covering, which not only protects them from contamination, but actually preserves their original flavor until the package is opened.

Economy, cleanliness, healthfulness and delicacy are all found in **Uneeda Biscuit** in In-er-seal Package with red and white seal, and every careful housewife ought to know these facts, and knowing them should insist on having **Uneeda Biscuit.**

NATIONAL BISCUIT COMPANY

THE NEW YORK STOCK MARKET.

Closing Prices About Lowest of the Day—Speculative Bonds Weak. Investment Issues Firm.

New York, Jan. 13.—The large selling which developed on Saturday and which was renewed after the opening yesterday served to take the vigor out of speculation and the stock market sank into a condition of semi-stagnation during the afternoon, with an occasional downward dip in prices. The market closed with one of the selling movements in force, making the last prices about the lowest of the day. The movement of cash, so far as known to the public, continued to increase the reserves of the banks. The sub-treasury operations have yielded rather more than a million dollars to the banks since Friday, and the bank statement of Saturday is believed to have understated the reserve item at that time by several million dollars, owing to the fact that the heaviest movement last week came late and so figured for less than it should have in the weekly averages.

Speculative bonds were weak in sympathy with stocks, but the investment issues were firm. Total sales, par value, $2,710,000.

United States bonds were unchanged on the last call.

Ten Days to File Answer.

Albany, N. Y., Jan. 13.—Attorney General Cuneen was to have given a hearing yesterday in the application of William R. Hearst for the institution of an action against the coal carrying railroad companies and the coal operators under the anti-trust law of the state. Upon application of the attorneys representing the various companies, who pleaded insufficient time in which to prepare answers to the petition, a postponement of two weeks was granted and the companies were given 10 days in which to file their answers.

Children Poisoned.

Many children are poisoned and made nervous and weak, if not killed outright, by mothers giving them cough syrups containing opiates. Foley's Honey and Tar is a safe and certain remedy for coughs, croup and lung trouble, and is the only prominent cough medicine that contains no opiates or other poisons. Trimble Brss.

PEPSIN SYRUP CO.
Monticello, Ill.

Gentlemen.—For over four years I suffered with frequent sick headache, a dull, heavy pain over my eyes and the back of my head, often making it necessary for me to go to bed. At times I was sick at my stomach, would vomit, which was followed by a very faint, depressed feeling. I had blistered the back of my neck and soles of my feet and found only temporary relief. One day when my husband went to the drug store to get something to relieve me, the druggist advised him to get

Dr. Caldwell's (Laxative) Syrup Pepsin

and so he bought a bottle and brought it to me. It was certainly a Godsend, as within three hours I felt better and very soon all the pains were gone. I kept taking it for two weeks, and during that time had no further trouble. In the last two years I have used six bottles altogether, and have never had a sick day, thanks to your splendid medicine.

Yours very truly,
MRS. ANNA DALY, 1363 W. Madison St., Chicago, Ill.

Mrs. Daly is an accomplished golf player, being treasurer of the West Side Women's Golf Club of Chicago.

Youtsey Making Full Confession.

Frankfort, Ky., Jan. 13.—Henry Youtsey yesterday continued his testimony before the grand jury and there is more excitement over the case than on Saturday. It is stated that he is making a full confession, not only of his part, but also telling all he knows about what others did in the alleged conspiracy, three years ago, to assassinate Governor Goebel. It is currently reported that new evidence has not only been secured on those already indicted, but also evidence such as to involve others not hitherto mentioned in the celebrated case.

Woman Robbed of $3,000.

Neenah, Wis., Jan. 13.—Miss Emma Briggs, cashier for a local business house, was robbed yesterday of drafts, checks, money orders and other papers to the value of $3,000, which she was taking to the bank in Oshkosh. She carried the money in a chatelaine bag and did not notice the theft until after she had left the train at Oshkosh.

Coal Strike Hearing.

Philadelphia, Jan. 13.—The proceedings before the anthracite coal strike commission yesterday consisted principally of the calling of witnesses by the Delaware and Hudson company to tell of the conditions in and about its collieries and to refute certain testimony presented against the company when the miners' side was being heard. In the absence of Chairman Gray, who is ill, Brigadier General Wilson again assumed the duties of chairman.

Will Be Made Standard Gauge.

Zanesville, O., Jan. 13.—At a meeting yesterday of stockholders of the Ohio River and Western Railway company, which recently acquired the Bellaire, Zanesville and Cincinnati narrow gauge railroad, extending from Zanesville to Bellaire, the number of directors was reduced from 13 to 11. Arthur E. Appleyard, of Boston, was elected president. The road is to be widened to standard gauge, equipped for operation by electricity and made a part of the Appleyard system of electric roads in Ohio.

WAS LIVELY DEBATE.

Effort to Postpone Vest Coal Resolution Causes Active Time in Senate.

FUEL MEASURE IN THE HOUSE.

Lower Body Authorizes Merchant Marine and Fisheries Committee to Investigate Coal Situation—Mr. Babcock in Favor of Cuban Reciprocity.

Washington, Jan. 13.—A lively debate occurred in the senate yesterday between Messrs. Aldrich, Vest and Carmack, when the first named endeavored to secure a postponement of the Vest resolution requiring the committee on finance to report a bill removing the duty on coal. Mr. Aldrich announced there were strong hopes of action being taken elsewhere with the view to removing the duty on coal. The proposition was not acceptable to Mr. Vest, who expressed the opinion that to allow the resolution to "go into the uncertain and nebulous future" would mean its defeat. Mr. Nelson continued his remarks in opposition to the omnibus statehood bill, and a large number of private pension bills were passed by unanimous consent.

At 5:10 p. m. the senate adjourned out of respect to the memory of late Representative Tongue, of Oregon.

In the house yesterday after adopting a resolution to authorize the merchant marine and fisheries committee to investigate the coal situation at once, adjourned out of respect to the memory of the late Representative Tongue, of Oregon, after appointment of a committee to attend the funeral. The resolution to investigate the coal situation recites the fact that a resolution has been introduced to extend the privilege of carrying coal to coastwise ports to foreign steamers for 90 days, because the present scarcity of coal involves great suffering and distress, and authorizes the committee to investigate "facts, charges and necessities; to inquire into the elements and conditions involved in the coal trade, the cost of coal, the methods, facilities and cost of transportation and distribution of the same, and the reasons or causes of such scarcity and distress."

The committee is directed to report the testimony, with their conclusions thereon, to the house as soon as possible. It is given power to send for persons and papers, to administer oaths, etc., and incur such expense as may be deemed necessary. The meetings are to be held in Washington and in such other places as the committee may determine.

Mr. Babcock Favors Cuban Treaty.

President Roosevelt had a long conference yesterday with Representative Babcock, of Wisconsin, who has just returned from Cuba. Mr. Babcock told the president that he was heartily in favor of the ratification of the pending Cuban reciprocity treaty, particularly as he regarded ratification as a good stroke of business policy for the United States.

"The commercial and financial condition of Cuba," said Mr. Babcock, "is much better than it was a year ago. The people are happy, contented and reasonably prosperous. They have benefited materially from the advance in the price of sugar. I told the president that I was inclined to the belief that the United States now needed the Cuban treaty even more than the people of Cuba. The United States wants the trade of the island republic, and the only way to get it is through the ratification of the treaty."

NATIONAL CAPITAL NOTES.

Representative Warner, of Illinois, introduced a bill yesterday appropriating $50,000 for a statue to the late Major General Franz Siegel to be erected in this city.

Senator Perkins yesterday presented to the senate a communication from Governor Savers, of Texas, tendering to the United States statues of General Sam Houston and Stephen Austin, to be placed in Statuary hall, at the Capitol, to represent the state of Texas.

William H. Lewis, a colored man, has been appointed an assistant United States attorney for Boston. The appointment was made by Henry P. Moulton, the United States district attorney for the Boston district, but it is understood that the selection was made on the suggestion of President Roosevelt.

V. Baldwin Johnson yesterday was the principal witness before the committee of the senate on the District of Columbia, which is investigating the cost of coal in Washington. He admitted having sold coal at $20 a ton, but said he did not sell more than 40 tons at that price, and that was before the strike was declared off.

It is expected that congress will pass a bill removing the duty of 67 cents a ton on coal imported into this country. This bill may take the form of a rebate or drawback for 90 days, and also will provide for reciprocity, admitting free of duty coal imported into this country from countries granting the same privileges to the United States.

Man Killed by Woman.

Macon, Ga., Jan. 13.—H. A. Rigsby, a professor in a business school here, was shot and instantly killed yesterday by Mrs. Effie Carson, teacher of telegraphy in another college.

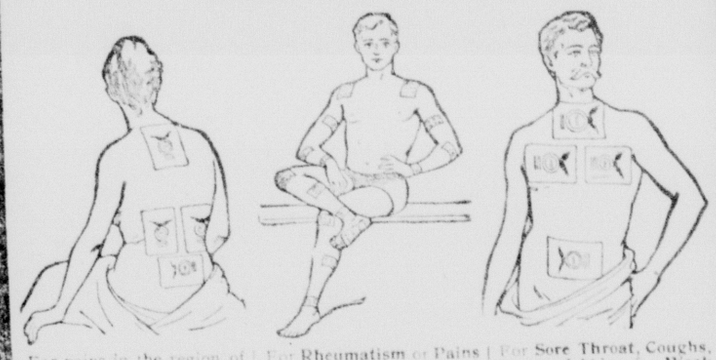
Allcock's POROUS PLASTERS

Are a universal remedy for Pains in the Back (so frequent in the case of women). They give instantaneous relief. Wherever there is a pain apply a Plaster.

DIRECTIONS FOR USE



For pains in the region of the **Kidneys**, or for a **Weak Back**, the plaster should be applied as shown above. Wherever there is pain apply Allcock's Plaster.

For **Rheumatism** or **Pains in Shoulders, Elbows** or elsewhere, or for **Sprains, Stiffness**, etc., and for **Aching Feet**, cut plaster size and shape required and apply to part affected as shown above.

For **Sore Throat, Coughs, Bronchitis**, for **Weak Lungs** and for painful and sensitive parts of the abdomen, apply as indicated.

Rheumatism, Colds, Coughs
Weak Chest, Weak Back
Lumbago, Sciatica, &c., &c.

If you want the best results, the quickest and cleanest cure, use Allcock's Plasters. They are far superior to belladonna, which is the extract of deadly night shade, a virulent poison, and never should be used except by direction of a physician. Allcock's Plasters contain no poisons. They cure by absorption. Absolutely curative, perfectly harmless.

Read letter from Prof. Henry A. Mott, the eminent chemist.

"My investigation of ALLCOCK'S POROUS PLASTER shows it to contain valuable and essential ingredients not found in any other plaster, and I find it **superior to** and **more efficient** than any other plaster."

Bubonic Plague Conditions.

Mazatlan, Mexico, Jan. 13.—The plague does not yield as rapidly as was hoped to the new sanitary precautions and medical treatment. Six persons died Sunday and eight fatal cases were reported yesterday. The number of patients in the lazareto is steadily increasing. Sanitary stations have been established on the high roads outside the city with physicians in charge. Plague has broken out at Ahome, causing many deaths.

Warned Him to Desist.

Portland, Mich., Jan. 13.—Mrs. Oscar Chase shot and instantly killed Asa Manhart, a former boarder, at her home in this village yesterday afternoon. Mrs. Chase had forbidden Manhart to come to her house. Yesterday afternoon, however, he came and began hammering on the door. Mrs. Chase warned him to desist, but he paid no attention. The woman then shot through a window, killing him instantly.

In Bed Four Weeks With La Grippe.

We have received the following letter from Mr. Roy Kemp of Angola, Ind.: "I was in bed four weeks with la grippe and I tried many remedies and spent considerable for treatment with physicians, but I received no relief until I tried Foley's Honey and Tar. Two small bottles of the medicine cured me and now I use it exclusively in my family. Take no substitute. Trimble Bros.

One Killed, Nine Injured.

Pittsburg, Jan. 12.—Nine persons were injured, one of whom afterward died, the victim being Policeman John Kelty, aged 45, married, Frankstown, near Brushton avenue, on duty at No. 6 police station, in a collision between a Frankstown avenue and a Liberty avenue car at the foot of a heavy grade in Frankstown avenue, near Collier street, directly in front of the car barns, at 6 o'clock yesterday evening.

Stockholm, Sweden, Jan. 13.—Major General Von Vegesack is dead. He was 82 years of age and fought in the northern army during the Civil War in the United States.

London, Jan. 13.—A dispatch from Glasgow says: After several false alarms two new Cunarders have been definitely ordered. Each of them will have three screws and cost $6,250,000.

Berlin, Jan. 13.—The chiefs of the Macedonian revolutionary movement in Bulgaria have decided, according to a special dispatch from Sofia to the Vossische Zeitung, to begin an insurrection April 1.

Paris, Jan. 13.—The funeral of Edward P. MacLean, vice deputy consul general, who died here Jan. 7, was held at the American church yesterday. Consul General Gowdy and his staff and many other Americans were present.

Madrid, Jan. 13.—A dispatch from Melilla, Morocco, yesterday announces that all the Kabyle tribes of the Taza region have joined the pretender. The sultan's troops, it is added, are absolutely undisciplined and are selling their arms and ammunition to the pretender, who pays high prices for them.

Manila, Jan. 13.—A delegation of former insurgents visited Governor Taft yesterday and urged him to remain here and not accept the nomination of associate justice of the United States supreme court. The delegates said the whole Filipino people petitioned President Roosevelt to allow Governor Taft to stay here.

Don't.

Don't think because you have taken many remedies in vain that your case is incurable. You have not taken Hood's Sarsaparilla. It has cured many seemingly hopeless cases of scrofula, catarrh, rheumatism, kidney complaint, dyspepsia and general debility—many cases that may have been worse than yours.

What this great medicine has done for others it can do for you.

CASTRO'S LAST NOTE A PUZZLE.

German Foreign Office Thinks Venezuela's Reply Has Not Advanced Matters at All.

Berlin, Jan. 13.—The foreign office here is somewhat puzzled by President Castro's last note. He avoids specific acceptance of the powers' stipulations and seemingly leaves the basis for a settlement as indefinite as in his preceding dispatch agreeing generally to arbitration. The president's reply has really not advanced the matter at all, but it is confidently supposed he has given Minister Bowen full power of attorney.

The state department at Washington has advised the foreign office that Mr. Bowen has sailed from La Guaira. Nothing more will be done from this side until Mr. Bowen reaches Washington. It is hoped that a full agreement will be attained without arbitration.

The Lokal Anzeiger yesterday published a dispatch from La Guaira saying that President Castro was unable to supply Minister Bowen with cash for his special mission to Washington and that Mr. Bowen before sailing obtained $5,000 from foreign business houses on President Castro's bills.

London, Jan. 13.—A lengthy communication, supposed to be in the nature of a reply to President Castro's last note, was handed to the United States embassy by the foreign office yesterday. The negotiations are proceeding satisfactorily.

Washington, Jan. 13.—Advices received here indicate that while Minister Bowen comes to Washington as Venezuela's commissioner in negotiations looking to a settlement of the claims of the allies, President Castro has made it a condition that the blockade shall be raised before Mr. Bowen proceeds with the preparation of the protocol of the peaceful adjustment of the claims. Moreover, it now develops that in this request Venezuela is likely to have the support of Italy. The United States, though not a party to the negotiations, of course will throw the weight of its moral influence on the same side. The Italian government is influenced in its course by purely economic considerations.

The Pe-ru-na Almanac.

The druggists have already been supplied with Peruna almanacs. There is sure to be a great demand for these almanacs on account of the articles on astrology which they contain. The subject of astrology is a very attractive one to most people. The articles on astrology in the Peruna almanac have been furnished by a very competent astrologist, and the mental characteristics of each sign is given, constituting almost a complete horoscope. A list of questions and answers on astrology sent free upon request. There will be a great rush for these books. Ask your druggist for one early before they are all gone.

Waived Hearing.

Harry Wymer, the Alliance lad who was arrested by the railroad detectives last Saturday on a charge of breaking open a freight car near Sebring and taking some 800 cigars, had a preliminary hearing, and was at once taken to the county jail at Youngstown in default of bail. John McConnell, who was supposed to be implacated in the theft, has confessed and will turn state's evidence against Wymer. He was also held under bond as an important witness.

Pleaded Guilty.

Francis Prior of Youngstown, the Salem young man who stabbed his wife with a pair of scissors on Friday afternoon and was arrested for it, was detained in jail at Youngstown until Monday morning. He appeared before the mayor and entered a plea of guilty to the charge. The court reserved sentence. His wife did not appear against him.

L. T. L. Meeting.

The Loyal Temperance Legion will meet on Friday of this week instead of Wednesday, at the usual hour and place.

PIN YOUR FAITH TO ENK'S

GENERAL DEBILITY
PHYSICAL WEAKNESS

Dr. JOSEPH ENK'S
Genuine Dynamized Homeopathic Preparation Number 53

Is a positive remedy for general debility, physical weakness, lack of energy and ability, poor blood and sluggish circulation. The necessary remedy for people who tire easily, are subject to palpitation and throbbing of blood vessels, and very valuable in the stunted or imperfect growth of children and in the debility of old age. Makes bone, muscle, nerve and brain, and lengthens cell-life, adding years to the life of one who uses it.

This remedy can be used in alternation with any other Enk Preparation, and should be so alternated when there is debility, prostration or collapse.

When used as a general tonic a dose once a week is sufficient. A vial contains about sixty doses and costs 25c.

Difficult Digestion

That is dyspepsia.
It makes life miserable.
Its sufferers eat not because they *want to*, —but because they *must*.
They know they are irritable and fretful; but they cannot be otherwise.
They complain of a bad taste in the mouth, a tenderness at the pit of the stomach, an uneasy feeling of puffy fulness, headache, heartburn and what not.
The effectual remedy, proved by permanent cures of thousands of severe cases, is

A Good Play Well Presented.

A good sized audience gathered at the opera house last night and witnessed a good production in "The Cowboy and the Lady," presented with S. Miller Kent in the leading role, that of Teddy North. The play was well put on and those who took the leading parts were well adapted to the demands made upon their ability. The scenes given were good portrayals of life in the west among the cowboys, and one or two of the old characters of the ranch were highly entertaining. The audience was pleased with the play. In spite of the extreme weather the house was kept comfortably warm during the evening, the new stove in the lobby adding to the comfort.

Verdict for Plaintiff.

The case of Louis Haas against George Green, Haas claiming a balance of $10.50 for rent of a residence in East Sixth street, was tried Monday afternoon before Justice C. F. Lease and a jury composed of Messrs. H. E. Kale, David Fogg and Aaron Wilson. Green presented a counter claim of $4.41, claimed to be due him over the amount claimed for improvements made on the house during his occupancy. After the presentation of the testimony and arguments by the attorneys, the jury retired and later returned a verdict in favor of the plaintiff for the amount asked.

Five Degrees Below.

It was cold again Monday night. Up to midnight thermometers did not register very low. Shortly after that time mercury drooped to the neighborhood of five degrees below and remained there until this morning. It was zero even at 7 o'clock this morning. Monday was one of the coldest days ever experienced in this city. Thermometers registered zero all day except where they were struck by the sun, which was out part of the day. It required a great effort in the shops to keep warm enough so the men could work. During the forenoon it was cold in the school buildings.

Taken to Lisbon.

Lisbon, Jan. 13.—(Special.)—Chief of Police Turner of Salem brought Mose Hoyle, a 13-year-old incorrigible from that city, to the county jail yesterday afternoon. The youth has been annoying many Salem people by petty thieving, and an effort will be made to have him sent to the reform school at Lancaster.

Assessment Due.

The first assessment on the street paving done in this city last year and also upon the Rose street sewer will be due and payable to the city treasurer on February 1. City Clerk Holmes will mail notices of the assessments on Monday.

Hotel Clerk Resigned.

William Hune has resigned as clerk at the Greiner-Brainard hotel and will probably return to his home in Lisbon. No successor to Mr. Hune will be chosen for the present.
